47869 m² residential vacant land for sale in Riebeek West

R4,550,000

Amazing opportunity to own one of very few large pieces of vacant land in the Riebeek Valley. It is high up in the village on the lower Kasteelberg slopes. Very quiet and private with some of the most spectacular views in the Western Cape. If you want to live the farm life without farming this could be the answer!!! The property affords the owner a country heaven just an hour from Cape Town.
