Casa Algeria Beachfront - Pereybere is designed to seduce by surrounding you with the finer things in life. What's more, residents get direct access to one of the best stretches of soft sandy beach in the north of Mauritius - Pereybere. That alone does wonders for mind, body and soul. The world famous hues of the Indian Ocean waters are reflected in the shell-like shapes of the shower tiles, on a kitchen wall, and through every expansive window that offers a view of the sea. The penthouses have their own rooftop terrace with private swimming pool, providing that sought-after bird's eye view of the sparkling blue water.
