2848 m² vacant land for sale in Caledon

3 Mackay Street, Caledon

R550,000

This plot is in an ideal location for development. Easy access to the CBD and nice views over the rolling hills of the Overberg are just a few of the advantages. The plot has previously been surveyed and approved for sub division. It could lend itself to many options. Furthermore there is not time to build whether looking for an investment or great site for a home this may be worth a careful look.

Erf Size: 2848 m2
